

## QUALITY, SERVICE + COMMITMENT

As an international manufacturer and supplier, MasterDrive proudly serves the power transmission industry throughout North America, Latin America and South America, with a full line of parts distributed from multiple locations in the U.S. and Canada. We offer web services, engineering assistance and unbeatable centralized customer service.

### MasterDrive has you covered with:

- Sheaves — Bored to size, variable pitch, QD style, TB style, DST style, and metric
- Bushings — QD, TB, and DST styles
- Synchronous Pulleys — L & H pitch and HTD
- Couplings — Jaw Type, BCS, and Flex Couplings
- Step Pulleys
- Weld-On Hubs
- Belts — A full line of V-belts, both standard and metric, as well as synchronous belts

### Complete Manufacturing + Engineering Support

In addition to our full line of power transmission products, MasterDrive offers foundry and machining options for all types of gray and ductile iron MTO items.

### Commitment to Distributors + OEMs

We promise to serve and protect every distributor's customer base and we are committed to the OEM marketplace, as well, across multiple industries:

- Air Handling & HVAC/R
- Aggregate
- Wood Handling
- Power Generators/Engine
- Oil & Mining
- Agricultural Equipment
- Air & Fluid Handling/Pumping
- Construction

# UNPARALLELED CUSTOMER SERVICE

Our customer service and non-automated phone system guarantees you will speak directly to one of our highly trained customer service representatives every time you call. With continual product training, our representatives provide you with accurate technical support.

## Shop MasterDrive on E-Commerce

MasterDrive products are now available for fast, convenient online ordering through Solve's new e-commerce platform. Get real-time pricing, live availability, and easy access to trusted brands—anytime, anywhere—at [solveindustrial.com](https://solveindustrial.com)

## MasterSelect: Belt Drive Selection

Even if you're not a MasterDrive customer, MasterSelect makes drive selection easy. Whether you have just the basic drive information, or if you have specific types of products you would like to use, MasterSelect will provide you with up to 25 different options to choose from.

# EXTENSIVE SELECTION, IN STOCK

MasterDrive carries more than 9,000 part numbers in stock and operates multiple regional warehouses for excellent product availability and minimum transit time and costs. Most orders fill and ship same day.
